Steve / Daron:

As you requested in the exploration permits attached are three (3) photos from the Boulger dam piezometer/monument and seismic projects:

- One of the six (6) monuments
- One of the piezometers
- Site location of the seismic meter

Let me know if you need more photos. I took one photo looking across the dam with three piezometers visible, but I can't seem to locate the photo.

Gregg A. Galecki  
Environmental Engineer
