Hi Taylon and Gregg,

I'm going over 2nd quarter water monitoring data for Skyline. Here's a list of missing information that needs to be uploaded to the database:

Springs:

S24-12: Flow

S34-12: Flow

SW32-276: Field parameters

3-290: Flow

Streams:

EL-1:Tritium

MD-1: 5/31/2018 needs Flow, TDS, TSS

Wells:

JC-1: Field parameters, Monthly flow, TDS, TSS, T-P, Carbon, Tritium Deuterium Oxygen 18

ELD-1: Monthly Flow, March, April, May and June 2018

UPDES:

Need to enter 1st and 2nd quarter for outfalls 002, 003, and 004

Ok, thanks.

I'll get on it.
