Hello Gregg,

The Winter Quarters Stream Alteration permit 20-91-03SA included a comment from Kathy Holder, Division of Emergency Management, State Floodplain Manager, regarding the National Flood Insurance Program and compliance with local floodplain regulations. I spoke with Ms. Holder on June 22, 2020. She referred me to Todd Thorne, Carbon County Planning & Zoning for further information. Mr. Thorne's response is below. He does not require any further information from Canyon Fuels.

Priscilla Burton, MS, CPSSc, CPM
Sr. Environmental Scientist
Division of Oil, Gas, & Mining
Price Field Office

Subject: Re: Floodplain permit and LOMC

To: Priscilla Burton <priscillaburton@utah.gov>

Priscilla,

After reviewing the information that was forwarded to me by Kathy Holder, the mine doesn't need a floodplain development permit.
