Re: Star Point Mines No. 1 & 2
ACT/007/006
Carbon County, Utah

Dear Mr. Bailey:

The thirty (30) day period of publishing an abbreviated reclamation plan for public notice on the above mentioned mines was over on Dec. 20th. During the publishing period no objections of substance were received by the Division, therefore the Division is prepared to grant final approval to the plan.

Suitable surety must be posted with the Division prior to this approval. To compute the surety on these two (2) mines however we need the area determination which Mr. Shaw was to forward to us. Specifically, Mr. Shaw was to forward the area in acres of the reject piles to be stabilized, when the operation ultimately ends.

We are awaiting this information before we can take any further action in the way of final approval. In the meantime, feel free to contact us if you have any questions.

Very truly yours,

DIVISION OF OIL, GAS, AND MINING

OF MINED LAND DEVELOPMENT
