Mr. Cleon B. Feight, Director
State of Utah
Division of Oil, Gas & Mining
1588 West North Temple
Salt Lake City, UT 84116

Dear Mr. Feight:

On Monday, April 24, 1978 Ron Daniels and Mike Thompson, representing the State Oil, Gas & Mining Board, visited our mine site at Wattis, Utah to determine the extent of any pre-existing non-conforming structures and facilities.

Plateau Mining Company hereby requests a letter from the State Oil, Gas & Mining Board stating their findings, recommendations and assessment of the question based on this recent on-site inspection tour.

Sincerely yours,

PLATEAU MINING COMPANY
