Memo to Coal File:

RE: Plateau Mining Company  
Starpoint Mine  
Carbon County, Utah  
ACT/007/006

Mike Thompson and Tom Suchoski visited the above named operation on September 19, 1979. They were accompanied by Steve Rigby of Plateau and Rich White and Marvin Allen of Vaughn Hansen Associates.

The purpose of this visit was to discuss the locations of Plateau's sediment ponds. It was felt that several small ponds would be better than one large pond. Several locations were discussed but none were finalized, this will be done in Vaughn Hansen's report.

  
THOMAS J. SUCHOSKI  
RECLAMATION HYDROLOGIST

cc: John Hardaway, O.S.M.
