Dear Mr. Daniels:

In agreement with discussions we have had with Messrs. Gordon Whitney, USGS; Bill Boley, USFS; Ron Daniels and Jim Smith, Utah DOGM; and John Nodolski and Dan Kimball of OSM, we plan to carry out the following:

1. Prepare a Mining and Reclamation Plan organized in agreement with the November 3, 1980, DOGM "Permit Applications - General Guideline for Organizational Format and Content." We will cross reference OSM, USFS, USGS, and DOGM regulations as appropriate.
2. Submit the Mining and Reclamation Plan to Utah Division of Oil, Gas and Mining by the end of the third week in February, 1981 for processing and distribution to other agencies.

If you have any comments concerning the above schedule and organization, please let our chief engineer, Steve Rigby, know by December 5, 1980. With your cooperation we will be able to maintain a very tight schedule and allow sufficient time for agency and Secretary of the Interior approval of the Mining and Reclamation Plan prior to the November 1, 1981, deadline date. Our phone number at the mine is (801) 637-2875. Thank you.

Sincerely,

PLATEAU MINING COMPANY
