Mr. Joe Helfrich
Utah State Division of Oil, Gas, and Mining
1588 West North Temple
Salt Lake City, Utah

Dear Mr. Helfrich:

Enclosed are three copies of a map showing the hydrologic monitoring stations for Plateau Mining Company. This map shows the location of all springs and seeps identified by Vaughn Hansen Associates, Plateau Mining Company, and The Forest Service. Forest Service identification numbers are also included.

Eighteen springs have been selected through-out the area as tentative monitoring sites. As soon as the data from these stations is received from the laboratory, a specific monitoring program will be presented to the appropriate agencies.

Thank you for your patience. If you have questions concerning the map please let us know.

Sincerely,

Jerry V. Hansen
