 1588 West North Temple  
 Salt Lake City, UTAH 84116

CERTIFIED RETURN RECEIPT REQUEST

Dear Mr. Helfrich,

Enclosed please find copies of our 1980 Vegetation Plan and a copy of the Seed Mixture that we plan to use.

Dr. Dennis Hansen of Native Plants in Salt Lake City was contracted to help us with our Vegetation Plans; reseeding and vegetation test plots. A copy of the seed mixture recommended is included. The mixture will be applied at a rate of 20 pounds per acre. Straw mulch will be placed on top of the seeded areas.

The vegetation test plots have been established with seeding and mulching. Further planting of tubelings will be done next spring.

Seeding of disturbed areas will take place this fall, weather permitting. If weather conditions prevent completion of our seeding program this fall, it will be completed in the spring upon recommendation of Dr. Hansen.

Sincerely,

PLATEAU MINING COMPANY
