Dear Mr. Vinson:

We have completed a review of the above-referenced NPDES permit for UNC Plateau Mining (Star Point Coal Mine), as described in Public Notice UT-80-004. It is hereby certified that the pH, oil, 25 mg/l TSS, 650 mg/l TDS and 2 mg/l iron conditions imposed in said permit should result in the applicant's compliance with applicable State Water Quality Standards.

It is further certified that, to the best of our knowledge, this permit will comply with the applicable provisions under Sections 301, 302, 303, and 306 of the Federal Water Pollution Control Act, as amended (33 U.S.C. 466 et seq.), and that at this time there are no applicable standards under section 307 of said Act.
