Dear Lee:

On 10/20/81 I spoke with Wayne Hedberg of your office, the topic was the ultimate reclamation of the old haul road access to Star Point #1 Portal.

My concern is in writing a workable plan that will satisfy both D.O.G.M. and OSM.

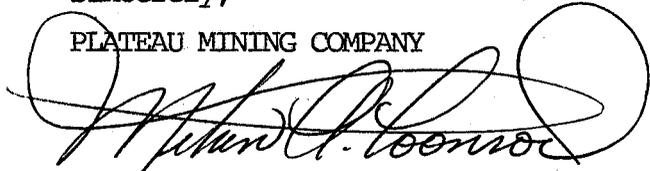

The problem lies in having a road cut on an 80% slope back to "Approximately Original Contour."

I have several ideas on how this might best be achieved, and would greatly appreciate you and Wayne's input on this situation. Could the two of you meet with me on site, and perhaps work out a plan.

If you feel that you can come down, please advise me on which date would be possible, so I can schedule accordingly.

Sincerely,

PLATEAU MINING COMPANY
