DIVISION OF OIL, GAS & MINING

Dear Wayne:

As I indicated in our conversation, my estimated date on completion of the final grade of our new shop building, is in error.

During the course of our last D.O.G.M. inspection the topic of drainage from the undisturbed area above the shop building was discussed, and we all concurred it was some what inadequate. At that time I indicated the situation would be corrected upon completion of the earth work around the complex. I also set a tentative date of October 30th.

Do to some unforeseen delays, I would like to correct this date and will have the situation corrected prior to the end of November.

I would appreciate your concurrence in this matter, and I'll keep you advised as soon as the job is completed.

Sincerely,

PLATEAU MINING COMPANY
