DIVISION OF
OIL, GAS & MINING

Dear Dave:

I am writing to give you an up date on P.M.C.'s efforts to correct those areas of concern noted on 09/31/81.

Based on our discussions during the course of the inspection we had implemented corrective measures on NACO 81-4-3-3. These are complete as of today; with the exception of:

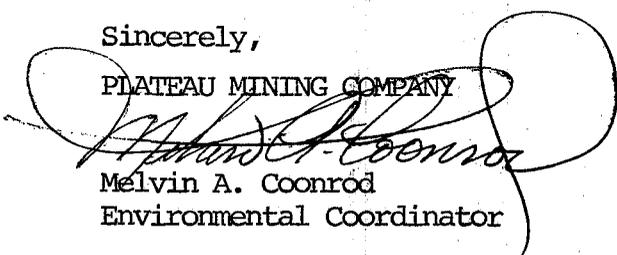

- (1) That portion which requires Vaughn Hansen & Associates to modify their spec's on "Surface Hydrology".

Mr. Marv Allen of Vaughn Hansen & Associates has assured me this additional information will be available by the first of next week, and with this in hand, I feel confident we can satisfy the balance of the NACO and also NOV #81-4-3-1.

I will forward all of the additional information upon receipt.

Sincerely,

PLATEAU MINING COMPANY
