DIVISION OF
OIL, GAS & MINING

Dear Dave,

Enclosed are the plans for our temporary storage site of non-coal waste.

The facility should provide drainage from the undisturbed area above and around the waste area, and contain any moisture that falls directly on the trash, which will be absorbed and transported on a regular interval to the permanent land fill.

I would appreciate your concurrence and approval plus any suggestions or recommendations.

Sincerely,

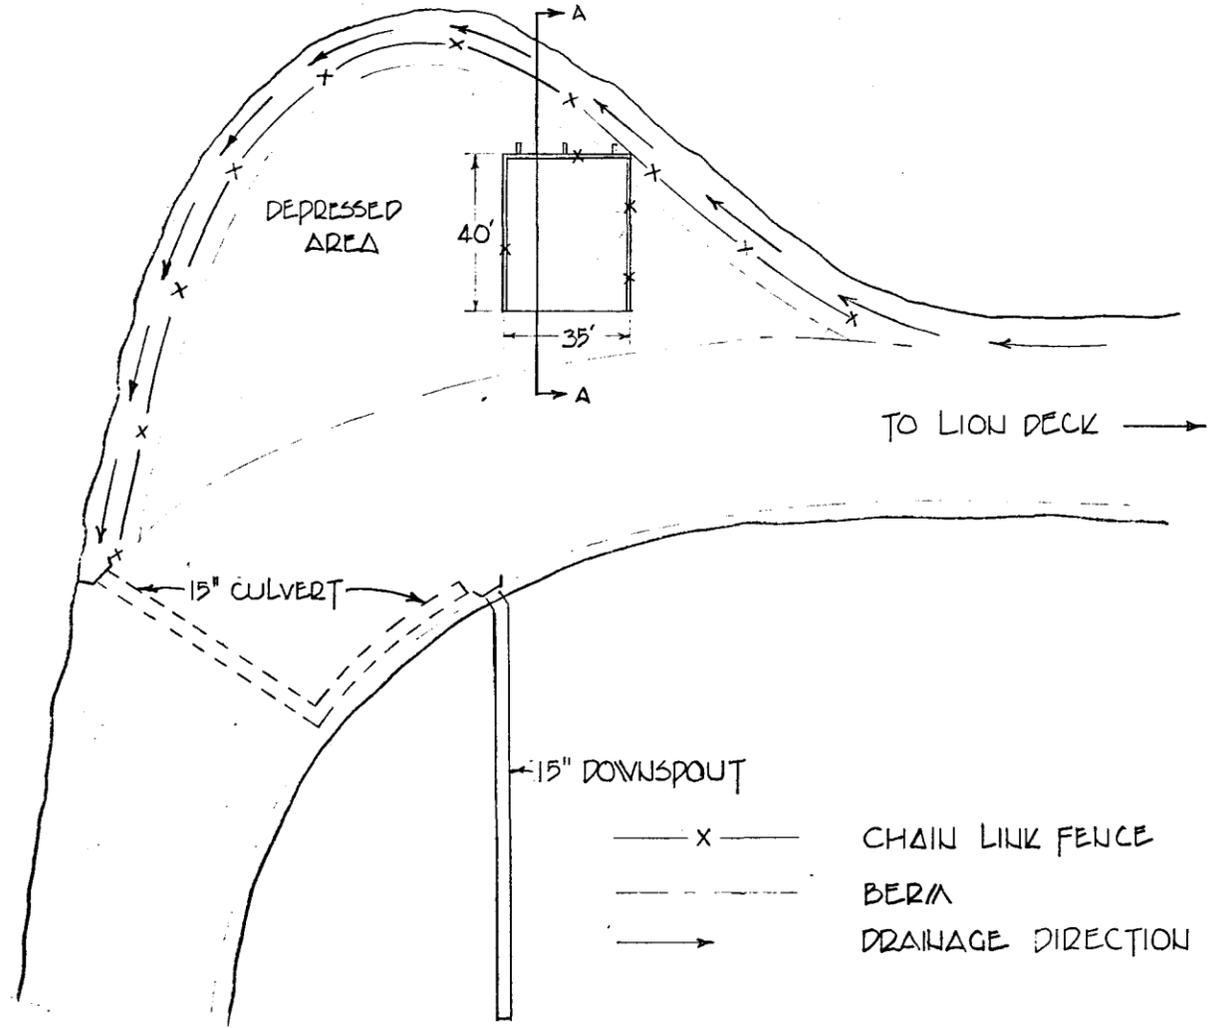

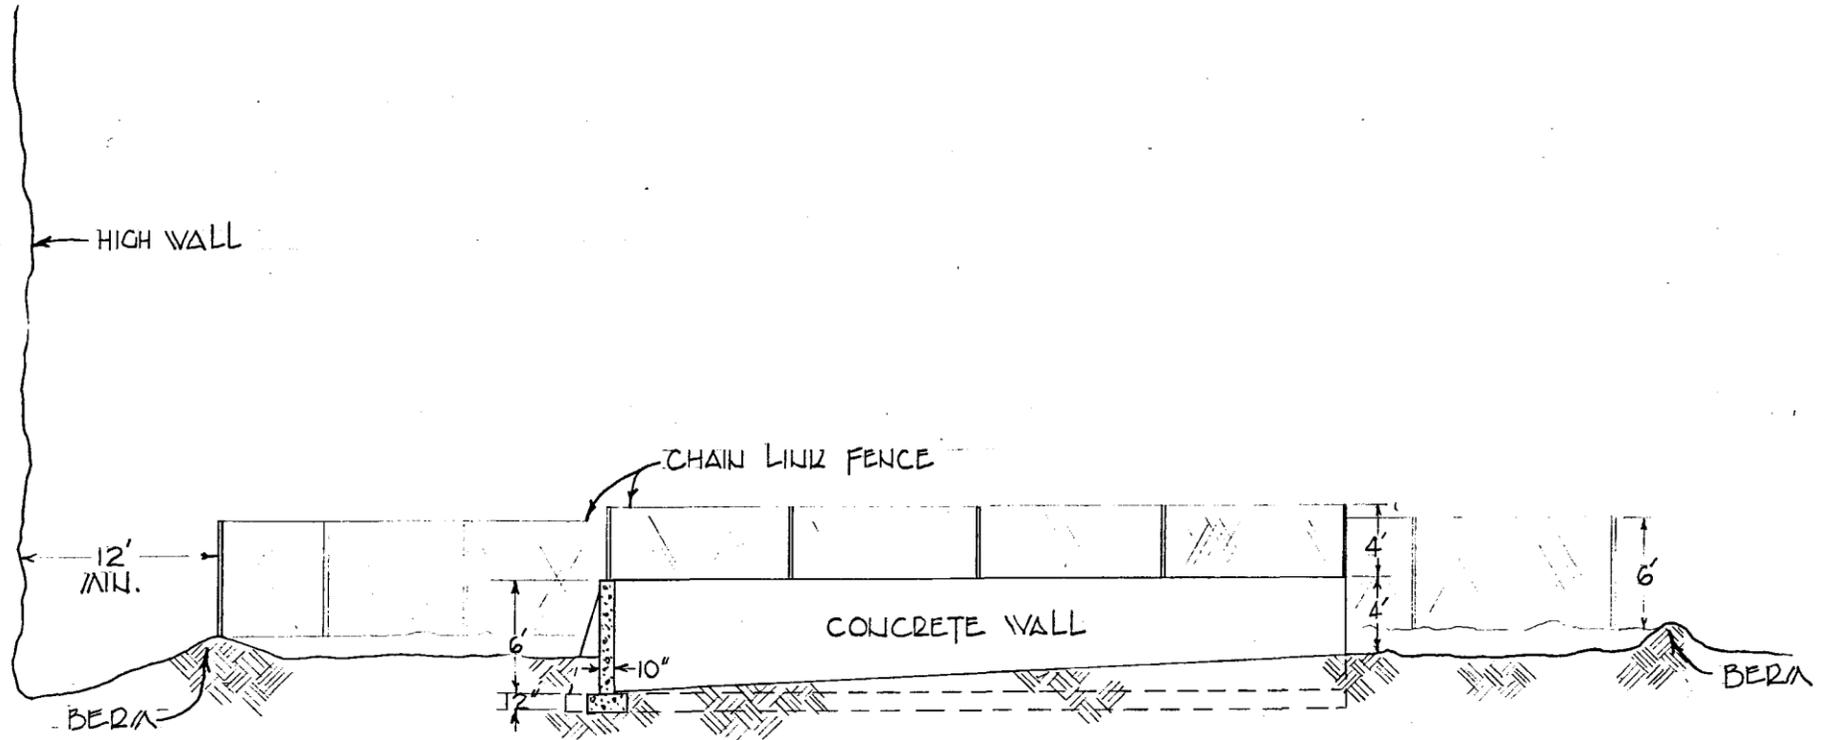

PLATEAU MINING COMPANY

Melvin A. Coonrod
Environmental Coordinator
