Sediment pond re-construction

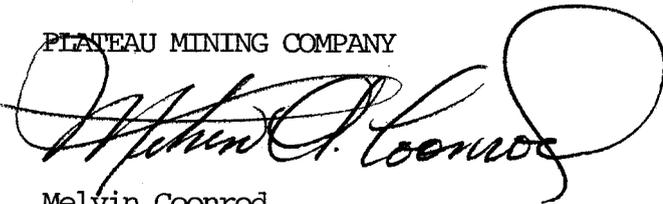

Dear James,

At this point we feel that all of our structures with the exception of #4 pond can be corrected in less than one week (each). The measures you outlined will be implemented on #4 and all haste will be made to correct this as expediently as possible.

Our tentative plan of action is to start on pond #1 this Thursday 08/20/81 and proceed in numerical order through #6 culminating with construction of our last pond.

Sincerely,

PLATEAU MINING COMPANY
