Dear Joe,

I'm writing to inform you that the two areas of concern - berm and catch basin adjacent to Mud Water fan deck and the diversion ditch adjacent to the Mud Water breakout have been addressed and corrected.

Rather than the temporary measures we discussed in reference to straw bales, I took your suggestion and erected a semi-permanent earthen berm [life of mine] and excavated a substantial catch basin.

I also wanted to mention that I enjoyed meeting Mary Bosworth, Susan Linner and Lynn Kunzler and feel they will add substantial assistance on future projects.

Sincerely,

PLATEAU MINING COMPANY
