NOV 81-2-11-3
CEP/007/006
Carbon County, Utah

Dear Mr. Williams:

An inspection of Bishops Gate coal exploration activities up Winter Quarters Canyon was conducted on August 24, 1981, to determine if the group of violations, 81-2-11-3, had been adequately abated. Enclosed is a termination notice resulting from that inspection. Please be advised that failure to comply with the violated regulations will warrant violations subject to a penalty for a reoccurring pattern of negligence. You are also required to comply with the other section of UMC 815 and notify the Division of any changes in the drill site preparation, operation or abandonment plans.

Sincerely,

SANDY PRUITT
RECLAMATION OFFICER
