Dear Jim:

This letter will confirm our telephone conversation last week concerning construction activity of Utah Power and Light in placing a new power line across Plateau Mining Company's permit area. Plateau is currently discussing with Utah Power and Light appropriate actions to stabilize or reclaim areas disturbed during installation of the line, as well as the responsibility therefor. We will forward to you in the near future a description of proposed actions to be taken for your review and comments.

In the meantime, if you have any questions or concerns on this matter, please feel free to contact me or Mel Coonrod at the mine.

Sincerely,

George S. Young
