RE: VENTILATION PORTALS IN CORNER CANYON

Dear Mr. Smith:

On June 18, 1982 Plateau Mining Company submitted to your office a proposal to establish five (5) new openings to the surface and a deck area (for fan installation) in Corner Canyon. Since that time, PMC has begun mining toward Corner Canyon in anticipation of agency approval of our proposal. The distance between our current position and the break-out site is approximately 2,000 feet; hence, at our normal rate of advance, we will require approval of our proposal by approximately November 15, 1982.

Your continued cooperation in this matter is greatly appreciated.

Sincerely,

PLATEAU MINING COMPANY
