Dear Lynn,

This is to bring your office current on the position of stipulation 9-22-2 Refuse Pile expansion.

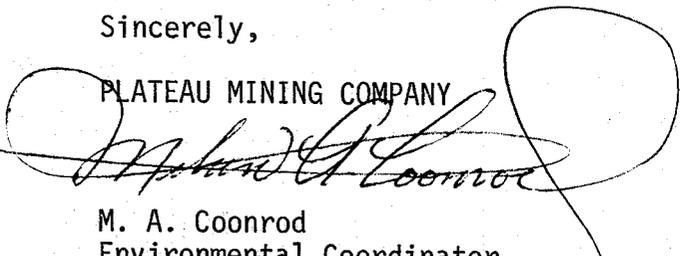

Plateau Mining Company has formulated a number of mitigative and enhancement actions relative to this stipulation. Floyd Tucker, Steve Rigby and myself have had several meetings with agency personnel attempting to formulate a workable plan. As of this date, a decision has not been reached.

In this regard Plateau Mining Company or more precisely Getty, is partially responsible. An attempt is being made to tie the mitigation on the refuse expansion with the mitigation on our proposed Unit Train Load-out facility. The final decision on this is not scheduled until mid-April 1982, at which time P.M.C. will be in a position to submit a mitigation plan to your office, (by April 30) and is requesting an extension of time to submit a plan.

Plateau Mining Company appreciates your cooperation in this regard.

Sincerely,

PLATEAU MINING COMPANY
