RE: Proposed Assessment for
State Violation No. N81-4-6-1-6-1

Dear Mr. Williams:

Enclosed you will find the proposed civil penalty assessment for this violation. The violation was cited by Division Inspector David Lof on November 30, 1981.

The Board of Oil, Gas and Mining has empowered me to act as Assessment Officer and to conduct informal conferences on violations and assessments. This assessment has been computed by me using Rule UMC/SMC 845.2 et. seq.

You may or may not request that the Division establish an assessment conference at this time. If no conference is requested by you within 30 days of your receipt of this letter the violation will be reassessed considering available facts and you will be required to pay the civil penalty as reassessed.

Should you decide to request an assessment conference you must do so in writing within 30 days of your receipt of this letter. Please specify in your request what the nature of your contest to the violation will include. For your ease in responding I have classified those contests as follows:

1. A contest of the amount of the assessment and not the fact of the violation(s) having occurred.
2. A contest of the facts of whether the violation(s) occurred.

This classification has been made to enable the Division time to arrange for a court reporter to establish a record of the proceedings in contests of the facts of a violation.

My decision resulting from the assessment conference may be appealed to the Board in a more formal proceeding.
