RE: Proposed Change in Ventilation
Breakout Location-South Fork
of Corner Canyon
Plateau Mining Company
Star Point Mines
ACT/007/006
Carbon/Emery Counties, Utah

Dear Mr. Klein:

Enclosed are seven (7) copies of Plateau Mining Company's most recent change in a planned ventilation breakout location at the Star Point Mines. Originally, the company proposed to breakout in Seeley Canyon, but unforeseen circumstances have arisen underground which will prohibit the breakout in this canyon.

The new proposal indicates that an adjacent canyon (South Fork of Corner Canyon) will be utilized instead of Seeley. The Division is presently reviewing this modification and would request any comments which your staff may have at your earliest convenience.

Should you have any questions, please feel free to contact me.

Sincerely,

D. WAYNE HEDBERG
RECLAMATION HYDROLOGIST
