Re: Plateau Mining Company Reclamation
Bond No. 915701-Rider No. 4

Dear Pam:

As we discussed this morning, enclosed herewith please find the original Rider No. 4 to be attached and incorporated into Bond No. 915701. This Rider evidences and effectuates the change of name from Plateau Company, d/b/a Plateau Leasing Company to Plateau Mining Company on the subject bond. While I understand that the bond amount (i.e., \$2,340,082) will be altered as a result of our re-evaluation of the bonding estimate, I am forwarding this Rider to you for acceptance and use during the period of time until a new rider or bond can be prepared and forwarded.

It would be greatly appreciated if you could send to me a letter evidencing your receipt of this Rider and the date of your acceptance of the same. It would also help if said letter included a short statement with respect to the DOGM's use of the same until such time as a new bond amount is formulated and an amended bond is filed. As I think I explained to you, this information is needed for the bonding company's files.

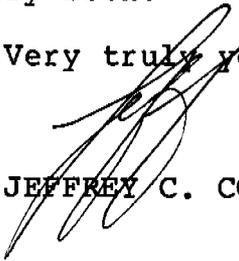

Also enclosed is a copy of the original Mined Lands Reclamation Bond No. 915701, relating to the same mine. While you should have this document already in your files, I felt that it may be of some assistance to you in your consideration of Rider No. 4 and bonding operations in general.

I would like to thank both you and Wayne for taking time to meet with Ben and me yesterday on these bonding questions and assure you that we will get the new estimate to you as soon as possible. If you have any questions on any of this or if I can assist or help you in any other way, please give me a call. I look forward to hearing from you very soon.

Very truly yours,

JEFFREY C. COLLINS
