DIVISION OF OIL, GAS & MINING  
JIM  
DEC 13 1983

Mrs. Dianne Nielson, Director  
Division Oil, Gas and Mining  
4241 State Office Building  
Salt Lake City, Utah 84114

Dear Mrs. Nielson:

Mr. Ben Grimes, our Environmental Coordinator, submitted a minor modification of our Starpoint Mining and Reclamation Plan to your office on Thursday, December 1, 1983.

As we verbally discussed on December 1st in Price, our new Unit Train project, while certainly having economic benefits to Plateau, will also eliminate many potential environmental violations and will dramatically improve many of our environmental compliance problems. In that regard, time is critical for processing our modification. I would specifically request that your lead supervisor directly contact Mr. Ben Grimes with a tentative timing for anticipated DOGM review of our modification. In this way, we as operator can truly cooperate with DOGM in the timely processing of our much needed permit modification.

As always, my door is open should any problems arise. Thank you for your help on this submittal.

Sincerely,

  
Walter Mueller, Jr.  
Vice President and  
General Manager
