RE: Response to DOGM/USFS Concerns  
Corner Canyon Ventilation Facility  
Star Point Mines  
ACT/007/006, Folder No. 3  
Carbon County, Utah

Dear Mr. Klein:

Enclosed please find four (4) copies of Plateau Mining Company's latest response to the Division's May 20, 1983 review letter to the previous supplement #1 for the Corner Canyon Ventilation Facility. We have forwarded a copy of this resubmission to the U. S. Forest Service requesting a concurrence letter from them for approval, if appropriate.

This proposal has been considered a minor modification due to the fact that it was proposed in the original MRP permit application and that only 0.30 acres of surface area will be disturbed.

The Division has drafted a conditional final approval letter which will be copied to your office. If you have any comments or questions, please feel free to call me.

Sincerely,

D. WAYNE HEDBERG
