RE: Implementation of Protection Fences  
Corner Canyon Ventilation Project  
Star Point Mines  
ACT/007/006, Folder No. 4  
Carbon/Emery Counties, Utah

Dear Mr. Tucker:

This letter is a follow-up to the verbal approval given to Plateau Mining Company by this office on June 8, 1983 to proceed with implementation of the debris/protection fences at the Corner Canyon Ventilation breakout site. The area Forest Service office was also contacted for concurrence.

This approval is to permit construction of the upper and lower debris/protection fences only. The Division will not approve construction of the diversion ditches until we receive and have an opportunity to review the operator's responses pertinent to our letter of May 20, 1983.

Should you have any questions or comments, please contact D. Wayne Hedberg of my staff.

Sincerely,

JAMES W. SMITH, JR.
