RE: Mineral Lease Issuance
Update of Plateau MRP
Star Point Mines
ACT/007/006
Folder Nos. 1 and 3
Carbon County, Utah

Dear Mr. Lauman:

The Division has received your April 6, 1983 letter which provides information pertaining to the issuance of an oil, gas and hydrocarbon lease, #ML-40368 by the Division of State Lands and Forestry to Mr. Ted Findeiss.

This mineral lease is located within Plateau Mining Company's permit area and constitutes a change in Table 2-1 of the MRP, "Property Ownership Interests Within the Permit Boundaries." In order to update all applications (file and work copies) currently on file with this Division, we would request submission of another revised Property Rights Map.

It is also suggested that PMC file the same MRP changes with the Office of Surface Mining, U. S. Forest Service and the county recorder's office where additional MRP applications are filed.

Thank you for providing us with this revised information.

Sincerely,

-6r
