Dear Mr. Smith:

Plateau Mining Company received the Division of Oil, Gas and Mining's approval letter of April 4, 1983, authorizing the breakout of No. 4 Entry in Corner Canyon. The Division's consideration and approval of this request is appreciated.

I have attached a letter from John T. Blake of the State Lands and Forestry Division.

An oil, gas and hydrocarbon lease, No. ML-40368 was issued to Mr. Ted Findeiss of Oklahoma City.

This new lease incorporates previously non-leased areas and Husky Oil Company's previous oil, gas and hydrocarbon lease.

On the attached map, I have outlined the area of the lease and shaded the respective articles of pages 2-3 and 2-4 of Plateau's Mine Plan.

This information will be incorporated into Plateau's Mine and Reclamation Plan.

Sincerely,

PLATEAU MINING COMPANY

Robert G. Lauman
Chief Engineer

We wish to advise you that the Director, on February 7, 1983, granted an oil, gas & hydrocarbon lease to Ted Findeiss, 6300 Classen Center, A100, Oklahoma City, OK 73118, on the following land which is embraced in your grazing lease 20903: T15S, R8E, SLM, Section 9, SW $\frac{1}{4}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$; Section 16, All.

This mineral lease gives the lessee the right to enter upon this property to explore for and to mine, remove, and produce the minerals specified in this lease. You are, however, afforded a remedy by statute for damages to any improvements you have placed on these lands as a result of operations under this lease.

We have advised the mineral lessee of his obligations to you under this lease and have advised him to contact you and to work out any problems of access to this property prior to the commencement of operations.

If you have any questions concerning this matter or observe any violations of the lease provisions, we would appreciate your contacting this office.

Yours very truly,
