RE: Preliminary Overview
Unit Train - Wash Plant
Expansion Project
Plateau Mining Company
Star Point Mines
ACT/007/006
Carbon County, Utah

Dear Mr. Klein:

Enclosed are two (2) copies of Plateau Mining Company's preliminary overview document for their proposed Unit Train - Wash Plant Expansion Project at the Star Point mines.

This will be a modification to the approved permit under the permanent program. This is not the final application, it is only an overview of what is tentatively proposed.

The company has requested an on-site meeting with the regulatory authorities hopefully during the second or third week of March. At that time the proposed area(s) of disturbance will be inspected and any problems discussed. The final permit application will be developed and submitted for approval shortly after this on-site meeting.

The Division would like to finalize a date for the on-site field inspection with the company by March 7th. If the OSM wishes to arrange for any of its technical staff to attend this meeting, please contact us by this date.

Sincerely,

D. WAYNE HEDBERG
RECLAMATION HYDROLOGIST
