RE: UNDERFLOW TREATMENT PONDS
NOV 84-4-7-6 2 of 6

Dear David:

We have completed construction for the season of the ponds. The ponds are functional, and we are using them as outlined in the approved plan.

As you may remember, I phoned you on November 27 to ask permission to start using Pond No. 1. After discussing the situation with Tom Suchoski and a site visit by Bart Kale, Tom gave us his okay to start using the pond on the 29th. We appreciate the Division's efforts in this regard as it helped alleviate some problems at our preparation plant.

The only item that was not completed is the perimeter fence which is a safety matter anyway. It will be constructed next spring when ground conditions permit.

An Engineers Certification of Construction will be forwarded to you as soon as possible.

Sincerely,

PLATEAU MINING COMPANY

Ben Grimes
Environmental Coordinator
