Dear Mr. Smith:

Enclosed please find response to the technical deficiencies as outlined in your letter of June 21, 1984.

We are hopeful that all of your concerns have been adequately addressed. We would welcome the opportunity to discuss any unresolved items to expedite your review process.

We appreciate the Division's efforts in fitting this modification into its busy schedule. By so doing, you have allowed us to schedule construction so that a minimum impact will be felt by the on-going Plateau operations.

If you have further concerns, please let us know as soon as possible so we can resolve them expeditiously.

Respectfully,
