Dear Mr. Grimes:

Re: Permit Revision Request, Starpoint Mines, ACT/007/006A,
Folder No. 2, Carbon County, Utah

The Division has reviewed the request for a permit revision submitted by Plateau Mining Company, September 15, 1984 (received September 26, 1984) which requests a 160 acre addition to the currently approved permit area.

Under the provision of UMC 788.12(d), any extensions to the permit area other than incidental boundary revisions require a new permit. As you indicated to Wayne Hedberg on October 16 that the application is incomplete as a new permit application, the Division will not schedule a formal review date until additional information regarding the application has been received from Plateau Mining.

Please feel free to contact me if you have any questions.

Sincerely,

Susan C. Linner
Reclamation Biologist/
Permit Supervisor
