RE: SEDIMENT POND 8 - SPILLWAY MODIFICATION

Dear Wayne:

As per your letter dated April 10, 1985, we have reevaluated the spillway pipe at Pond 8 and have decided that the best way to bring the pond into compliance is to construct another outlet pipe.

The existing pipe structure will be left in place, with the new structure as additional spillway capacity.

Enclosed you will find three copies of the proposed structures. If you have additional questions, please let me know.

Respectfully,

PLATEAU MINING COMPANY
