Dear Dr. Nielson:

The Office of Surface Mining Reclamation and Enforcement (OSMRE), Western Field Operations (WFO), has received the May 23, 1986, Plateau Mining Company's submittal of an amendment to the approved mine reclamation plan of Utah permit No. ACT/007/006-86A for the Star Point mines. This is an amendment to modify the Tipple Yard Area drainage. OSMRE reviewed this submittal and has determined that it does not constitute a modification to the approved mining plan under 30 CFR 746.18. Based on the review of the submittal, OSMRE concurs with the Division of Oil, Gas and Mining's (DOGM's) decision to approve the submittal as indicated in DOGM's letter dated March 25, 1987, and the Federal permit UT-0018, dated January 21, 1982, is revised accordingly.

If you have any questions, please contact Meg Estep-Johnston or Richard Holbrook at (303) 844-2451.

Sincerely,

Peter A. Rutledge, Chief
Division of Federal Programs
