Re: Response to Initial Completeness Review-Permit Renewal

Dear Dr. Nielson:

Enclosed are responses to the Initial Competeness Review of Plateau's Permit Renewal Application submitted on September 29, 1986.

Each Division review comment has been addressed. The format for this response is as follows:

DOG M comment by regulation number is given.

Followed by PMC response.  
(If the PAP text requires revision, the new language is included).

Revised tables, figures, exhibits and maps are included.

Following DOGM final approval, the PAP sets submitted on September 29, 1986 will be updated with all approved information to make them complete.

This response has been prepared after discussions with Lowell Braxton, John Whitehead and other members of your staff. The submittal date for this response was agreed upon by John Whitehead.

In accordance with a request by John Whitehead on December 10, 1986, we are forwarding copies of this response to the following agencies to expedite the review process:

Office of Surface Mining  
Western Field Operations  
Brooks Towers
