Dear Mr. Grimes:

Re: Approval of Amendment to Exploration Permit 86-1, Plateau Mining Company, Star Point Mines, CEP/007/025, Carbon County, Utah

what?

0071006-861

The Division has reviewed your submittal dated August 25, 1987, requesting three potential drill holes be added to the existing exploration permit 86-1.

The Division hereby approves the amendment, subject to the nine (9) stipulations contained in the original exploration permit 86-1.

Please assure that stipulation nine, which requires PMC to file a completion notice with the Division, is complied with for the new holes and any previously drilled holes under this permit.

Sincerely,

A handwritten signature in cursive script that reads "John J. Whitehead".
