December 2, 1987

TO: John Whitehead, Permit Supervisor
FROM: Tom Munson, Reclamation Hydrologist *TM*
RE: Sediment Pond #9 Final Approval, Cyprus Plateau Mining Company, Star Point Mine, ACT/007/006-87C, Folder #2, Carbon County, Utah

History of Proposal

Ben Grimes of Plateau Mining Company, and Marv Allen, a consultant for Plateau Mining Company, met with John Whitehead and myself on September 11, 1987 to discuss the permitting of proposed Sediment Pond #9. The Division received formal plans on September 22, 1987 for Sediment Pond #9. More information was requested on October 12, 1987, by telephone, and received on October 13, 1987.

A letter was sent to Plateau Mining Company requesting additional information on October 22, 1987. A response to this letter was received on November 5, 1987. A review of that response is included in this memo.

Analysis

All the requested information has been received and the operator has submitted the Sediment Pond #9 information for inclusion into the PAP.

Recommendation

I recommend that formal approval be given for Sediment Pond #9.
