RE: "Spoil Disposal Area Plan," Plateau Mining Company Response to UMC 784.11(b)(4), Dated September 15, 1987, Star Point Mine, Plateau Mining Company, ACT/007/006, Folder #2, Carbon County, Utah

I have reviewed the "Spoil Disposal Area Plan" submitted by Plateau Mining Company (PMC), dated September 15, 1987. This plan was a response to observations noted in a partial inspection report on May 7, 1987.

The plan included locations, sediment control measures, and final disposition of these spoil materials. This spoil disposal area plan does need clarification about the sediment controls.

A clarifier statement about the height of the berms to control runoff is needed.
