Dear Mr. Braxton:

Federal Ten-Day Notice 88-02-107-9 is being issued for a violation that likely existed at the time of the last State complete inspection (LSCI). Specific details are as follows:

Date of Federal Inspection: 09-29-88; Date of LSCI: 06-20-88

The determination that the State did not cite the violations is based on one or more of the following reasons:

- The condition was identified in a State inspection report but no State enforcement action was taken.
- Design criteria or required certification has not been met for a structure in existence as of the last complete inspection (sediment pond, excess spoil fill, etc.)
- Necessary controls that were required at the time of the last complete State inspection have not been established (diversion ditches, sediment ponds, top soil protection, signs and markers, etc.)
- Site conditions indicate that the violations noted had been in existence at the time of, or prior to, the last complete State inspection.
- Other (Give explanation).
