Price, Utah 84501

Dear Mr. Grimes:

Re: Certification Requirements for Sediment Ponds, Class I Haul Roads, Coal Waste Piles and Impoundments, Cyprus-Plateau Mining Company, Star Point Mines, ACT/007/006, Folder #2, Emery County, Utah

This is a follow-up to the inspection of the Star Point Mine made on August 5, 1988. During that inspection, we had a discussion with Steve Jones of your company concerning certifications and reporting requirements on sediment ponds, class I haul roads, coal waste piles and impoundments.

Enclosed is a letter from Lowell Braxton together with a policy statement. Should you have any questions concerning the required certification, reporting requirements or formatting, please call John Whitehead or myself.

Sincerely

A handwritten signature in cursive script that reads "W. J. Malencik".

William J. Malencik
Reclamation Specialist
