TO: John Whitehead, Permit Supervisor  
FROM: Dan Duce, Soils Specialist *DD*  
RE: Plateau Stipulation Response to Stipulation 817.24-(1),  
Cyprus-Plateau Mining Corporation, Starpoint Mine,  
ACT/007/006, Folder #2, Carbon County, Utah

#### Background

Stipulation 817.24-(1) required Plateau to submit a mass balance of all areas to be retopsoiled. This included acreage figures of all locations to be retopsoiled, depth of topsoil to be redistributed, and amount and location of material presently stockpiled. Plateau also had to commit to sample soils before reclamation on areas of the Lion Deck Portal that will be used for reclamation.

#### Analysis - Recommendation

Plateau has met all necessary requirements of Stipulation 817.21-(1). Map 78, 1 and 2 of 2 clarify areas that will be topsoiled and areas to be reclaimed using side cast material. Stockpiles are located and depth areas will be retopsoiled are shown on these maps. Map 78, 1 and 2 of 2 should be incorporated in the MRP.
