Dear Mr. Hatch:

Re: Proposed Amendment for Exploration Pits, Cyprus-Plateau Mining
Company, Starpoint Mine, ACT/007/006-89G, Folder #2, Emery County, Utah

The proposal to develop exploration pits will encompass new surface disturbance within the approved permit area and therefore, the exploration program qualifies as an amendment. The formal Division approval of the amendment requires resolution of U.S. Forest Service (USFS) concerns and an attendant recommendation for approval from the USFS. Accordingly, I would appreciate receiving copies of the USFS environmental assessment and special use permit with stipulations and a formal USFS recommendation to the Division for amendment approval or disapproval.

Sincerely,

A handwritten signature in cursive script that reads "Richard V. Smith".

Richard V. Smith
Permit Supervisor
