RE: Stipulation 817.71-.74-(1)-(PGL/DD/RVS), Disposal of Underground Development Waste and Excess Spoil and Non-Acid and Non-Toxic Forming Coal Processing Waste, Cyprus-Plateau Mining Company, Starpoint Mine, ACT/007/006, Folder #2, Carbon County, Utah

## Synopsis

During a recent complete state inspection (September 19, 1990) conducted by Susan White, Reclamation Biologist of the Division, a question was raised as to the status of the above-mentioned stipulation.

## Recommendation

To avoid confusion in the future, the operator must revise appropriate text regarding the sampling and reclamation plan for the refuse pile.

The sampling plan must follow the procedures outlined in the letter dated July 19, 1989 to Richard V. Smith from myself. Additionally, the operator must submit said text changes to the Division for review and insertion into the Permit Application Package.
