Dear Ms. Littig

Re: Notice of Violation N92-26-4-1 - Remedial Action

The facilities associated with this violation are being removed during this week. The abatement time shown on the violation notice is November 20, or Friday of this week. There is a chance the outside contractor may not be completely out of the area by Friday, if this is the case, it should take only a few extra days to accomplish the removal.

This action will complete the remedial action as specified in the notice.

Respectfully,
