Dear Ms. Littig,

Re: Permit Revision - Change Item 16 to Concrete Pad & Storage Shed

Enclosed, please find 8 copies of Map 521.121c and Table 526.111a with item 16 changed to a concrete pad and storage shed. Item 16 was previously listed as "Equipment Storage Buildings (Removed)". The buildings were removed and completely reclaimed a couple of years ago but, to keep from having to renumber the table, number 16 was retained.

We would like to permit a small shed (Tuffshed) on an existing concrete pad to be used by our Mine rescue team for equipment storage. The concrete pad was in place on the property when we acquired it several years ago. Table 526.111a has been revised to change the equipment storage buildings to Concrete Pad & Storage Shed. The bond estimate will be left as is rather than reducing it for the new structure. The line item in the bond estimate (Exhibit 542.800a) for the equipment storage buildings is listed as "Equipment Storage Building" for \$7,324.79, the new shed and pad are much smaller than the original line item, therefore no change to Exhibit 542.800a is necessary.

Respectfully,

Ben Grimes
Sr. Environmental Engineer
