

September 11, 1992

Ms. Pamela Grubaugh-Littig
Division of Oil, Gas & Mining
355 West North Temple
3 Triad Center, Suite 350
Salt Lake City, Utah 84180-1203

Dear Ms. Littig,

**Re: Gentry Mountain Air Shaft - Response To Division Letter of
7/16, 1992**

Enclosed, please find three copies of responses to the Division's concerns with the Gentry Mountain Air Shaft Amendment. The appropriate sections of the permit have been changed and are highlighted in the text for ease of review.

As shown on Map 321.100f Gentry Mountain Air Shaft Vegetation Map, a vegetation reference area will be established adjacent to the air shaft. The field work is scheduled to be done on September 12; when the information is available, it will be incorporated into the PAP and forwarded to the Division.

We are still interested in constructing the air shaft this season if possible. Since winter is not very far away, we need to start as soon as possible. Please let me know if there is anything else we can provide to expedite your review.

Respectfully,

A handwritten signature in black ink, appearing to read 'Ben Grimes'.

Ben Grimes
Sr. Environmental Engineer

File: ENV 4-1-12
