Operator Name (other than Permittee) Ben Grimes

Mailing Address Same as above

Under authority of the Utah Coal Mining and Reclamation Act, Section 40-10-1 et seq., *Utah Code Annotated*, 1953, the undersigned authorized representative of the Division of Oil, Gas & Mining has conducted an inspection of above mine on above date and has found violation(s) of the act, regulations or required permit condition(s) listed in attachment(s). This notice constitutes a separate Notice of Violation for each violation listed.

You must abate each of these violations within the designated abatement time. You are responsible for doing all work in a safe and workmanlike manner.

The undersigned representative finds that **cessation of mining is** **is not** expressly or in practical effect required by this notice. For this purpose, "mining" means extracting coal from the earth or a waste pile, and transporting it within or from the mine site.

This notice shall remain in effect until it expires as provided on reverse side of this form, or is modified, terminated or vacated by written notice of an authorized representative of the director of the Division of Oil, Gas & Mining. Time for abatement may be extended by authorized representative for good cause, if a request is made within a reasonable time before the end of abatement period.

Date of service/ mailing May 1, 1992

Time of service/ mailing 10 a.m. p.m.

NOTICE OF VIOLATION NO. N 92-26-2-1

Violation No. 1 of 1

Nature of violation

Failure to divert runoff from the surface of the refuse pile into stabilized diversion channels designed to meet the requirements of R645-301-742.300 to safely pass runoff from a 100-year, 6-hour precipitation event. The outside edge of the refuse pile contains a berm which in some areas has the potential to impound water; however, no impounded water was observed at the time of inspection (April 29-30, 1992).

Provisions of act, regulations or permit violated

R645-301-746.212

Portion of operation to which notice applies

Refuse Pile

Remedial action required (including any interim steps)

Design and submit diversion runoff conveyance system for Division approval which at a minimum must demonstrate positive drainage on the top of the pile, controlled drainage on the outslope and thence into appropriate siltation structures.

Abatement time (including interim steps)

June 1, 1992 at 5:00 p.m.
