To all Operators

Dear Operator:

Re: Submittal of Annual Report for 1991, Company Name, Mine Name, Permit Number, Folder #2, County, Utah

ACT 1007/006

Enclosed please find the annual report information sheet and 1991 monitoring report to be submitted for the above noted mine(s). I have enclosed what I believe is a current list of outstanding permit stipulations, conditions, and Division Orders for your operation. Please review this list to ensure timely resolution of outstanding issues.

Please submit all of the information by March 31, 1992.

If you have any questions, please call me.

Sincerely,

Handwritten signature of Lowell P. Braxton.

CONDITION

Incidental Boundary Change
UTU-64263

Ongoing

The operator must conduct horizontal drilling ahead of the advance of the workings to the west into the incidental boundary change/lease modification area. This drilling must be conducted in coordination with the authorized officer of the BLM and be designed to detect significant flows of ground water well in advance of the mine workings, in accordance with the authorized officer of the BLM, and notify the Division of Oil, Gas and Mining. Further advance of mine workings within the wet area will not be authorized unless the operator can demonstrate that significant impacts will not occur.
