Dear Mr. Jankiewicz:

Re: Exploration Drilling on Gentry Mountain, Cyprus Plateau Mining Corporation, Star Point Mine, CEP/007/006-92B, Folder #2, Carbon County, Utah

Pursuant to your letter dated September 11, 1992 regarding the coal exploration drilling on the north end of Gentry Mountain, enclosed please find Division comments for this exploration that were forwarded to the Bureau of Land Management for the holes in Lease UTU-64263.

The other hole is being considered as an amendment to the current Star Point Mine Mining and Reclamation Plan and is being reviewed under the title Gentry Mountain Air Shaft (92D). The original proposal was transmitted to your office on May 18, 1992. A response to the Division technical deficiencies (sent July 16, 1992) was submitted to the Division on September 14, 1992, and is currently under review. I have enclosed a copy of that submittal for your review.

If you have any questions or comments, please call me.

Sincerely,

A large, stylized handwritten signature in black ink, reading 'Pamela Grubaugh-Littig'.
