Dear Mr. Grimes:

Re: Sediment Pond Sizing and Spillways, Star Point Mine, Cyprus Plateau Mining Company, Star Point Mine, ACT/007/006-DO-91A, Folder #2, Carbon County, Utah

The Division reviewed the submittal received March 30, 1992 from Cyprus Plateau Mining Company, regarding the sediment pond sizing to meet the requirements of the rules approved August 23, 1991. The submittal demonstrated that all of the ponds at the Star Point Mine can retain the 100-yr., 6-hr. runoff event without discharge.

The submittal did not contain, however, certified copies of these designs for inclusion in the permit application package. Please submit eight copies of the certified designs by May 2, 1992.

If you have any questions, please call me.

Sincerely,

A large, stylized handwritten signature in black ink, reading 'Pamela Grubaugh-Littig'.
